

an invitation to be a part of

665⁺/2020

Infrared Photography Project

Are you a performing artist within the field of dance, music or drama?

If so, I would like to invite you to be a part of my 2021 photographic exhibition at His Majesty's Theatre Perth.

The Project / Exhibition is titled '665+2020' *An Infrared Photography Project by Jon Green*. All images will be shot with an infrared camera. This allows me to photograph the artists in an outdoor environment by recording a part of the electromagnetic spectrum that the eye cannot see, giving a resultant image with greater depth in tonality, texture and 'false' colour.

Project '665+2020' is an experimental creative development using conventional photography techniques to capture movement and portraiture based infrared images.

I am seeking ten performance artists; either to work with individually or in groups of two or more.

To register your interest, or if you have any questions in relation to my project please contact me at: 0417 913 521
