Please join us for the opening of my latest exhibition, a fine art photography collection featuring the dancers of West Australian Ballet.

'As I put my eye to the camera, technical thoughts leave me and I focus on the framed, cropped world inside the camera ... alone at last to create and enjoy my photography.'

'Photographing the dancers of West Australian Ballet is rewarding, because I know I'm working with the best classical dancers in WA. Although I have photographed West Australian Ballet for many years, these sessions were particularly enjoyable for me (and I hope the dancers!) because they came about through an invitation to the dancers to be photographed in the way they themselves wanted to be.'
